

NOCERAL BASIC KNEE CADAVERIC WORKSHOP

**National Orthopaedic Centre of
Excellence for Research and Learning**
8th & 9th June 2026

This 2-day basic arthroscopy workshop is designed for orthopaedic surgeons with an interest in sports injuries and knee arthroscopic surgery. Participants will gain hands-on experience performing arthroscopic procedures on cadaveric specimens, including diagnostic knee arthroscopy, hamstring graft harvesting and preparation. The workshop also includes practical training in ligament reconstruction, with a focus on anterior and posterior cruciate ligaments, as well as lateral extra-articular tenodesis.

FACULTIES

Dr Ekavit Keyurapan
Consultant Orthopedic Surgeon
Siriraj Hospital, Mahidol University
